

How does the software of the Trains And Tombolas group work

A guidance through the program options.

By means of examples insight is given in the possibilities and functioning of the software available to the group members. Note: The currently available software may differ from the examples given in this document.

Attention Some Help about these pages

On the left side you find the Pagelist. It contains the links to the other pages
 Make sure you are recorded as a user and above all enrolled as a groupmember
 You can examine this by using the numbered pagelist options 1-Check if reg..... till 5b-Invite Tombola.....

In order to benefit of the group actions, you must enroll yourself as a group member

Update your Ts-level on a regulary basis
 If your TS level is not updated in time then you do not benefit from the group actions anymore
 As soon as you have updated your level you will benefit again Click here to update your Ts-level

There are three main areas within this software which can be reached using the main menu entries

The Main group page Click here to access the menu on the MAIN page
The SWAP page Click here to access the menu on the SWAP page
The GoldXchange page Click here to access the menu on the GoldXchange page

Use of this site is offered by Paul van der Want

Main page 1

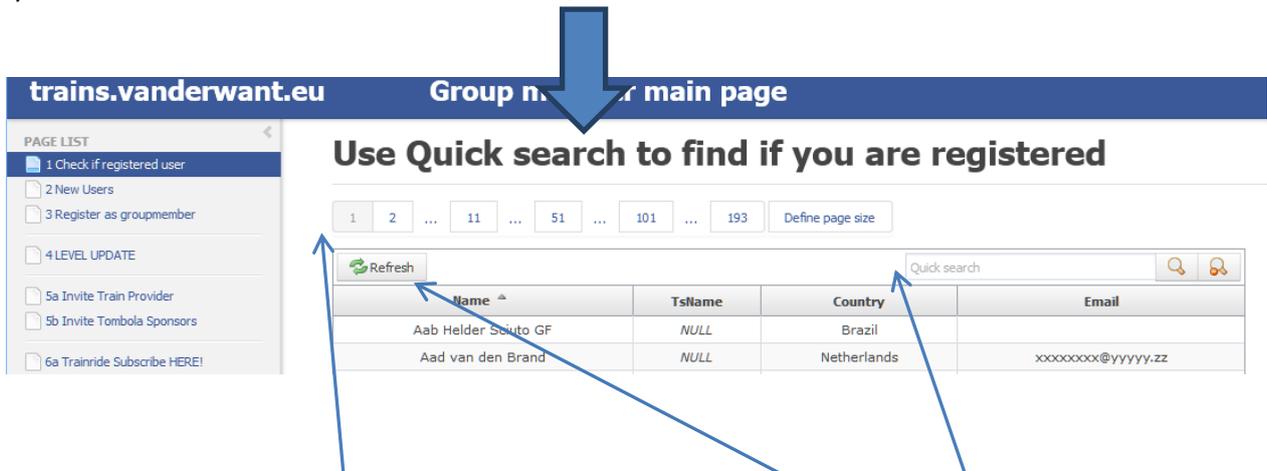

1 check if registered user

To the left side is the PAGE LIST in fact you see all the choices to the functions f.i.. **1 check if registered user**

You may click on that.

you will now see a screen with the text "Use Quick search to find if..."

Than a line with page numbers and underneath a line with refresh and with quick search on the right side, followed by two magnifying glasses

Quick search

Type any part of your name in the text box of Quick search (example = **Want**) and then click the left magnifying glass.

Use Quick search to find if you are registered

After clicking the magnifying glass you can see the above screen. Your search criteria are highlighted

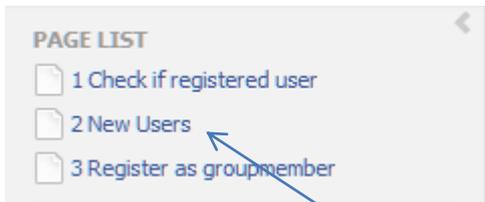

If you are not registered (your search did not find any line with your name on it), you can add yourself through the following options:

2 New Users and 3 Register as group member

You have now learned about the search feature that exists in (almost) all screens.

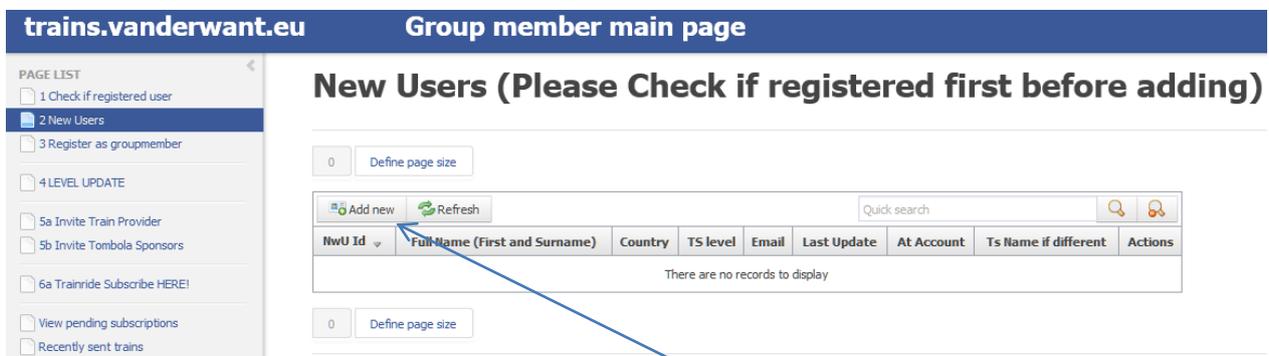

2 New Users

You did not find yourself through the option 1 **check if registered user**

Click PAGE LIST option 2 **New users**

You get the following – mostly empty screen.

On this screen is an extra button with the text “Add new”

If you have not been registered as a user, you can step up as a new user here.

Add new.

Click the “Add new”-button

The input screen opens.

Click **Cancel** to leave

If you are not registered, you can enter your credentials:

2 New Users

If you are a new user, then click the **Save** button. Click **cancel** if you were already registered

If you were registered and you clicked the save button you get a duplicate key error

An error occurs during insert:

Cannot execute SQL: INSERT INTO `ts_new_users`(`NwU_Name`, `NwU_Cy_Id`, `NwU_TSlevel`, `NwU_Email`, `NwU_At_Accnt`, `NwU_TsName`) VALUES('Paul van der Want', 'NL', 410, ' ', 'FB', NULL) Duplicate entry 'Paul van der Want' for key 'Usr_Name_Unique'

Duplikate key , the name Paul van der Want already exists

Click Cancel to leave

Back on the previous page after Save

Group member main page

New Users (Please Check if registered first before adding)

1 Define page size

Add new Refresh Quick search

NwU Id	Full Name (First and Surname)	Country	TS level	Email	Last Update	At Account	Ts Name if different	Actions
1027	Paul van der Want guide	Netherlands	410		2017-06-29 17:42:40	FaceBook	NULL	Edit

1 Define page size

Use Action **Edit** if you need to change anything

After you made changes you click **Save**

3 Register as groupmember

You are now registered as a user in the DataBase, but are you a group member?

The group member entry is important, it will be used for the subscription to trainrides and tombolas.

Klik op optie 3 Register as

Het volgende scherm verschijnt.

Change your TS level and save

You are now a player in all active tombolas

Ofcourse we want to collect our prizes. You can check if you are already friend on FB. Options 5a and 5b will help you .

5a Invite en 5b Invite.

Both option work the same way. The differ in content.

It's good practice to use both.

Example option 5a. .

Click **5a Invite Train provider**

You get.

u Group member main page

Invite Train Provider via FB page

1 Define page size

Provider(tsname)	Link To FBpage
Paul van der Want(.)	https://www.facebook.com/paul.vanderwant
Soraya van der Want-Moonen(.)	https://www.facebook.com/soraya.vanderwa... more

There are only two columns

The provider and a Link

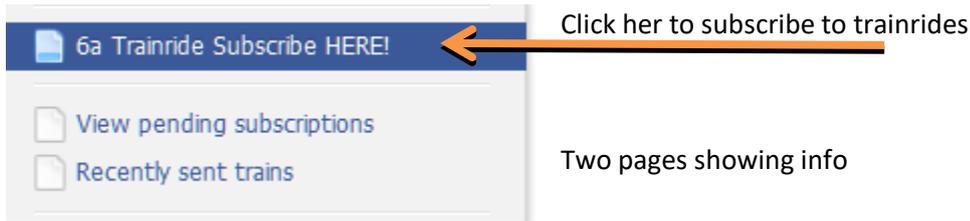

Sometime the link contains ...more. This means that the tekst is longer than the visible tekst area. When clicking on more an extra window opens, showing the full text .

If you click on the link near Soraya. You go to her FB page.

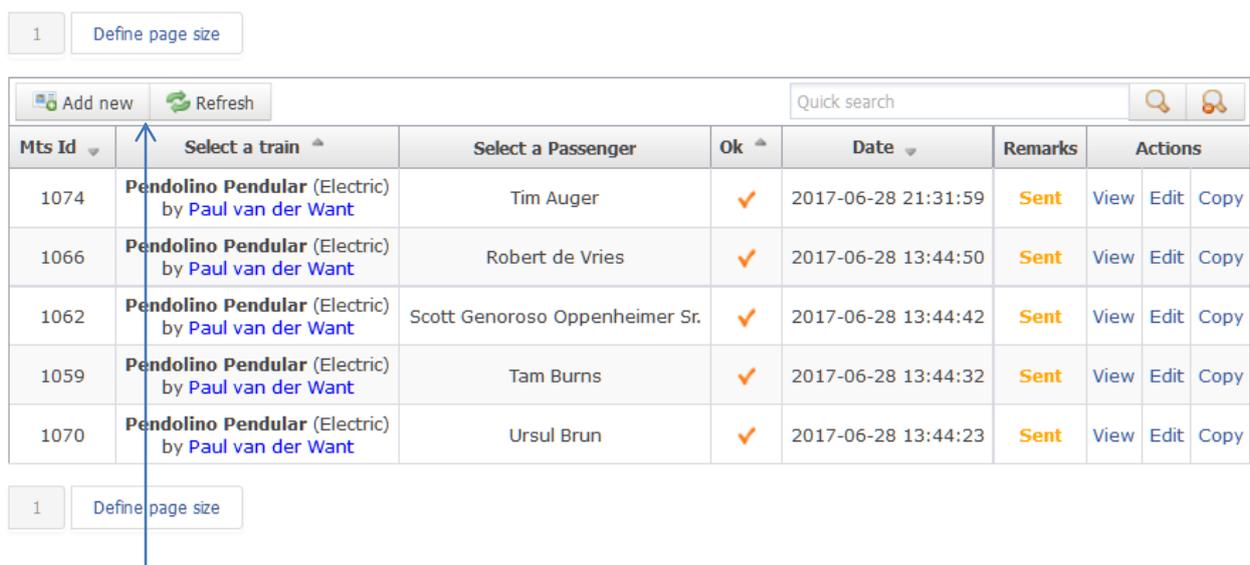

If you are already friend you can leave the browser tab. If not, you can invite her

6a Trainride Subscribe HERE

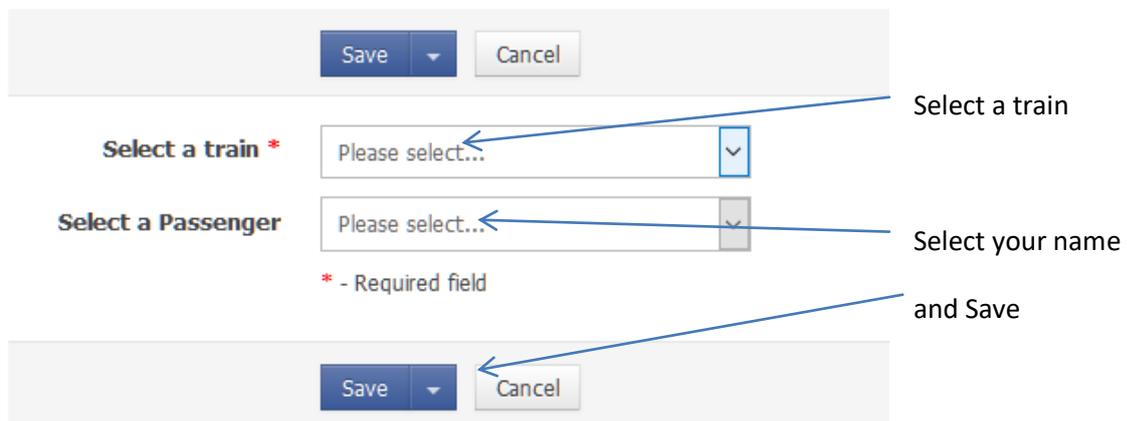

The screen

Use ADD new to subscribe to Train rides

Use Add new to subscribe.
the screen:

6a Trainride Subscribe HERE!

There is an other way to subscribe..

You can use the Copy Action

Use ADD new to subscribe to Train rides

1 Define page size
